

# Pony Trekking

Can you remember the names of the different parts of the pony and it's tack?

Label the diagram by placing a number from list in the correct circle.

- |           |           |              |           |          |
|-----------|-----------|--------------|-----------|----------|
| 1. Girth  | 2. Bit    | 3. Stirrup   | 4. Bridle | 5. Reins |
| 6. Saddle | 7. Shoe   | 8. Mane      | 9. Hoof   | 10. Rump |
| 11. Hock  | 12. Blaze | 13. Forelock |           |          |

**Did you Know?** Some horses are worth millions of pounds. They are used for racing and breeding

**Did you Know?** Horses and ponies are measured in hands. They are measured from the floor to their shoulders. A horses shoulders are called it's withers

## All about the pony I rode

My pony's name was .....

My pony's colour was .....

My pony measured .....

My pony eats .....

What clothing and equipment do you need to go on a pony trek?
